## **Life Purpose Coaching**

iBloom offers private and group coaching for women who are ready to identify and embrace their unique, God-given purpose. This multi-step journey with a certified life coach results in a clearer understanding and vision of the intersection of your passions and God's purpose for your life. Individual Life Purpose Coaching sessions consist of 10 appointments that will help you unpack God's unique purpose for your life. Life Purpose Coaching can be done in person or by phone.

## **Life Purpose Facilitation**

iBloom offers a private, 2-day, one-on-one retreat, the Life Purpose Plan, using the Life Purpose Coaching Centers International process developed by Dr. Katie Brazelton (author of the Pathway to Purpose series). The Life Purpose Facilitation will benefit you by helping you see the bigger picture of your life, not just your day-to-day activities. It will help you clarify your unique God-given purpose and help you to become intensely focused on the goals for the core areas of your life for the next 2-3 years.
